

The Dolphin House

Dolphin House Outdoor Education Centre

We have been offering memorable outdoor experiences for over 20 years, giving young people the opportunity to develop a wide range of skills through taking part in outdoor activities.

**Based in Culzean
Castle grounds**

**14 miles/27
minutes south of
Ayr**

**Most activities
on site**

An aerial photograph of Culzean Castle and its surrounding coastal buildings. The castle is a large, multi-story stone building with many windows, situated on a hill overlooking the sea. Below the castle, there are several other buildings, including a boathouse, a bunkhouse, a dolphin house, and a bathhouse. The coastline is rocky with waves crashing against the shore. The surrounding landscape is covered in trees with autumn foliage.
